

We Understand Higher Education

Since 1997, Sierra-Cedar has been **dedicated to higher education**, completing over **1,500 Oracle/PeopleSoft implementation and upgrade projects** for more than **350 colleges and universities**. Our industry-focused consultants average 16 years of higher education experience and 12 years of Oracle and PeopleSoft experience. They have worked as faculty, senior administrators, and leaders in academic, student, human resources, financial, and information technology organizations.

PEOPLESOFT

- Campus Solutions
- Human Capital Management
- Financial Management

CLOUD

- Student Cloud
- HCM Cloud
- ERP Cloud

BUSINESS ANALYTICS

- Student Information Analytics (SIA)
- OBIA, OBIEE, EPM, and BI Cloud
- Hyperion

We are here to serve your distinct vision and mission. We don't sell one-size-fits-all higher education solutions. Rather, we are interested in learning what distinguishes your institution. We build long-term customer relationships that provide tangible business benefit and impact. Our experience spans every institution classification and size including deep experience with large, complex, multi-campus/multi-institution systems.

Working with Sierra-Cedar in our upgrades and implementations of Oracle/PeopleSoft ERP has yielded substantial benefits to our institutions. Their consultants understood the business processes and culture of our institutions and leveraged the work done with one institution to the benefit of other institutions. We have formed a strong partnership with Sierra-Cedar because of their commitment to our success.

Stan Jakubik
Assistant Vice Chancellor

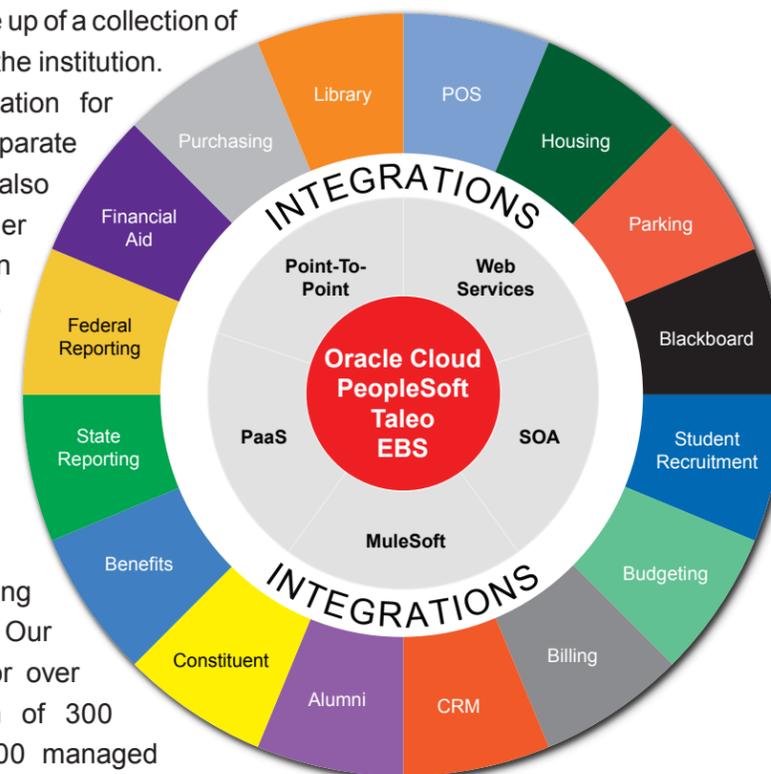

On the Leading Edge

As a respected Oracle Platinum Partner working closely with Oracle Strategy and Development, Sierra-Cedar has the inside track on many of Oracle's newest higher education offerings, including ERP and HCM Cloud. Sierra-Cedar is the only named partner for the soon-to-be released Student Management portion of the Student Cloud. Highly experienced consultants are available to assist your campus with assessing readiness and change capabilities, project plans, and strategies as you consider your move to next-generation applications.

Award-Winning Integration Experience

The modern higher education landscape is made up of a collection of different applications and services that support the institution. Sierra-Cedar is recognized in Higher Education for its success in integrating a multitude of disparate systems across campuses. Oracle has also designated Sierra-Cedar as a Specialized Partner for the Oracle SOA Suite. Our higher education integrations knowledge and experience is particularly relevant today as Oracle brings its vision for cloud-based applications to the higher education market.

A Leader in Application Hosting and Managed Services

Sierra-Cedar is the leading provider of Hosting and Managed Services in higher education. Our consultants facilitate registration processes for over 800,000 enrollments every term. Our team of 300 dedicated employees supports more than 100 managed services customers in over 650 Oracle environments encompassing the entire suite of PeopleSoft Enterprise and Oracle applications.

The combination of Sierra-Cedar's experienced consultants, hosting capabilities, and upgrade lab provided us with a complete solution to support our current applications and smoothly upgrade to more recent versions of software.
