

Workday Service Offerings for any Phase of Your Workday Lifecycle

Our extensive Workday service offerings are built on a strong foundation of over 30 years of ERP experience across a variety of industries including commercial, higher education, and public sector. Our **Workday Education and Government specialists** leverage their industry knowledge and work closely with your team to understand your core business processes and configure Workday to produce an effective and efficient solution.

Our full range of functional, technical, management consulting, and application extension services—combined with industry-specific tools and processes—help to position our Education and Government clients to achieve their stated business goals:

- We offer **Full Lifecycle Deployment Services for Workday Human Capital Management, Payroll, Financials, Grants, Budgeting/Planning, and Student.**
- **Integrating the Workday Platform** with external systems, data sources, and third-party vendors can improve the ROI and tactical value of your Workday system.
- **Business Process Optimization and Alignment** helps organizations fundamentally rethink how they do their work in order to improve efficiencies, standardize processes, and reduce operational costs.
- **Industry Tenants** are pre-configured to support the unique requirements of the Higher Education and Public Sector industries.
- **Change Management** complements our extensive deployment capability through a collaborative plan to understand and navigate change.
- **Application Extension** specialists can help clients meet unique business requirements beyond typical Workday configuration.
- **Workday Roadmap and Optimization** reviews a client's existing Workday system functionality-in-use and recommends improvements that can be achieved by expanding the use of Workday functionality.
- **Workday Release Support** can be provided for each Workday release to review upcoming updates and identify potential impacts, required configuration changes, and appropriate testing activities.
- **Vendor Selection and Business Justification Services** guide clients through established techniques, templates, and tools to a consensus based on key business needs and requirements.

Whether you are embarking on a new Workday implementation or looking to take advantage of additional Workday functionality, we have the knowledge and experience to meet those needs. **Contact us today to discuss how we can help you to enhance your Workday investment.**
