

Sierra-Cedar is a leading provider of implementation, upgrade, and system enhancement consulting services for Oracle’s student information, finance, and human resources applications. Our consulting services include project management, technical and functional consulting, business process improvement, change management, and training.

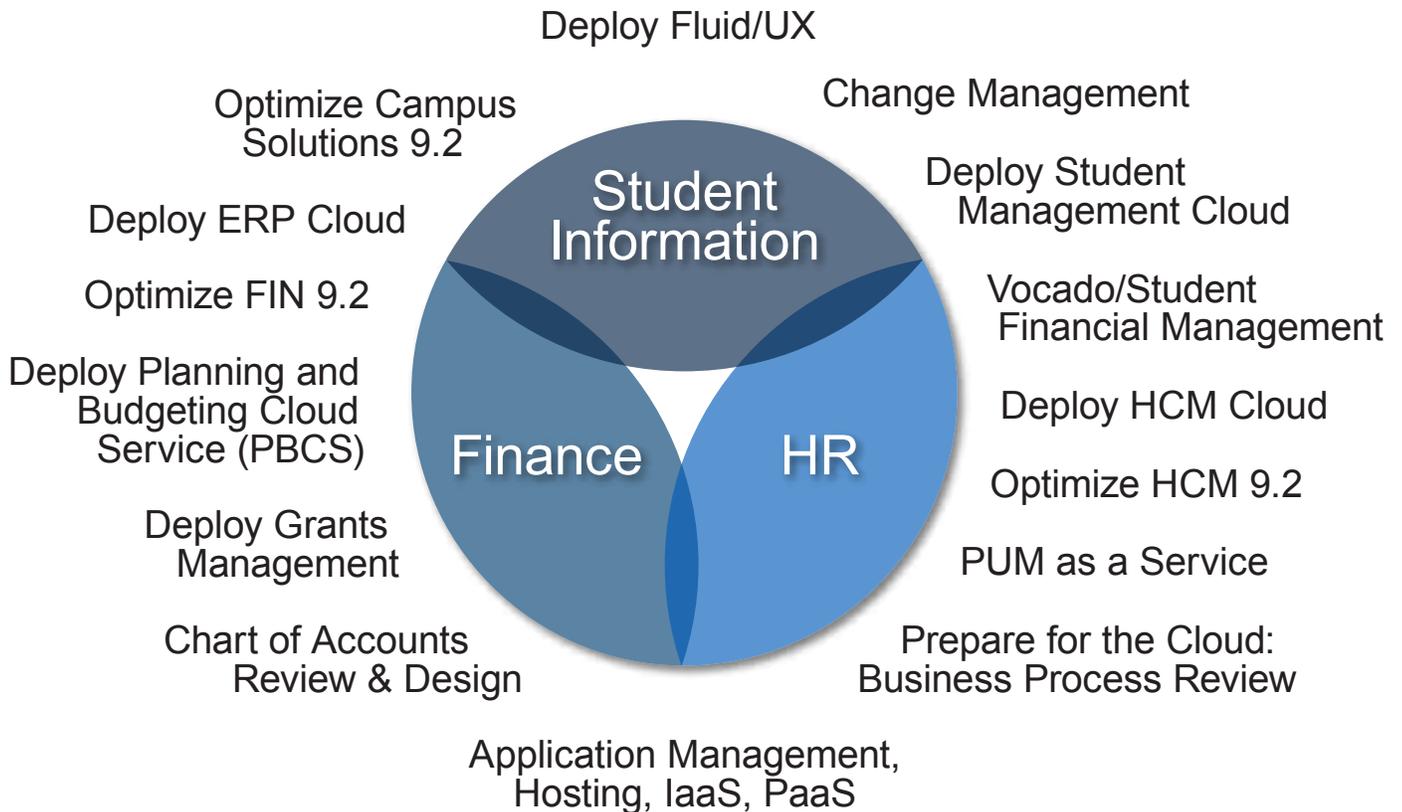

Sierra-Cedar’s functional, technical, and change management specialists help colleges and universities address today’s needs and prepare for tomorrow’s challenges through the following strategic services:

- Assess, review, and implement currently available functionality to optimize business processes, align with leading practices, and prepare the organization for change
- Deploy SaaS, PaaS, or IaaS solutions
- Integrate the institution’s systems of engagement and systems of record

We Understand Higher Education

Whether deployed on-premise, in the cloud, or anywhere in between, our broad portfolio of services and specialists provides colleges and universities with valuable assistance wherever they are on their enterprise applications journey.

Leading Provider of Oracle PeopleSoft Consulting Services

Sierra-Cedar's Higher Education practice has completed 1,500+ Oracle PeopleSoft implementation and upgrade projects for 350+ colleges and universities.

Working with Sierra-Cedar in our upgrades and implementations of Oracle PeopleSoft ERP has yielded substantial benefits to our institutions. Their consultants understood the business processes and culture of our institutions and leveraged the work done with one institution to the benefit of other institutions. We have formed a strong partnership with Sierra-Cedar because of their commitment to our success.

Stan Jakubik
Projects Coordinator

Sierra-Cedar is one of the best implementation firms I have worked with. They take the time to understand the business needs and timelines. Their consultants are smart, understandable and dependable. They are skilled at communicating with technical and functional staff. I have found them willing and able to work through all issues that come their way. I highly recommend their support and services.

Vice President of
Community Relations

Dedicated to Client Success

Sierra-Cedar has been **dedicated to higher education since 1995**. Our industry-focused consultants average 16 years of higher education experience and 12 years of Oracle and PeopleSoft experience. They have worked as faculty, senior administrators, and leaders in academic, student, human resources, financial, and information technology organizations.

The combination of Sierra-Cedar's experienced consultants, hosting capabilities, and upgrade lab provided us with a complete solution to support our current applications and smoothly upgrade to more recent versions of software.
