

Sierra-Cedar India Pvt. Ltd., a wholly owned subsidiary of Sierra-Cedar, Inc. (headquartered in Atlanta, Georgia, USA), was established in 2004 in Hyderabad to offer exceptional services to its customers using the “right-shore” delivery model. In the past 12 years, Sierra-Cedar has become a substantial organization that services customers across the globe with tailored solutions, service offerings, and product expertise.

Sierra-Cedar delivers client success by providing consulting, technology, and remote application management and infrastructure management services designed to optimize our client’s applications. We provide services for various Oracle Applications, including Oracle Cloud, PeopleSoft, Hyperion, and Oracle BI. Our depth and breadth of capabilities offer clients a thorough and flexible solution and engagement model.

Sierra-Cedar is an Oracle Platinum and Cloud Standard Partner, with 30% of our resources Certified on Oracle Technologies. In addition, we are also an Oracle client running Oracle Fusion HCM Cloud, Oracle BICS, and nearly 15 PeopleSoft modules in production across the Human Capital Management and Financial Management application suites.

Sierra-Cedar Cloud Services

Sorting through the myriad of questions and determining whether the value proposition of moving to the “Cloud” is right for you can be challenging. Sierra-Cedar’s Strategic Services can assist with Application and Technology evaluation and roadmap services.

- 1 Concept-to-Completion Services
- 2 Cross Pillar Delivery (HCM/ERP/BI/EPM)
- 3 Strategic Services (Enterprise Systems Strategy & Change Management)
- 4 Industry Research & Thought Leadership (HCM, Healthcare)
- 5 Large Client Base Leverage

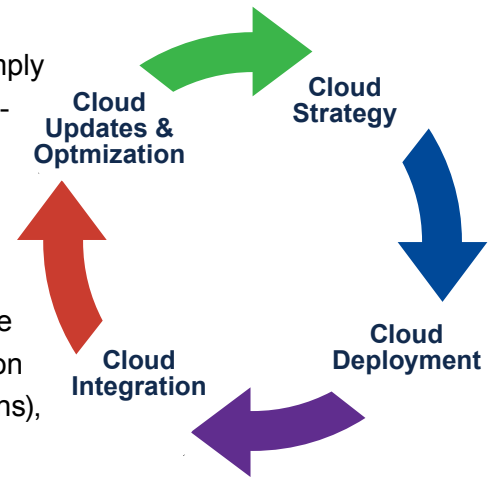

Sierra-Cedar’s technology experience helps clients with their Oracle Cloud Application deployment

As an organization that focuses primarily on Oracle applications and technology, we are well positioned to assist our clients with leveraging the significant investment they have made in the Oracle product suite:

- **Human Capital Management**
- **Talent Management**
- **Financial Management**
- **Supply Chain Management**
- **Enterprise Performance Management**
- **Business Intelligence**

Sierra-Cedar Cloud Concept-to-Completion

Whether you are planning to implement the full Oracle Cloud suite or simply deploy a Cloud application to co-exist with your current platform, Sierra-Cedar provides services from strategy and deployment to integration and implementation.

Services Portfolio

We offer consulting, technology, and managed services designed to optimize our clients' applications. Our Managed Services include remote application management, remote infrastructure management (for on-premises applications), and managed services (for our customers hosted in the U.S. datacenter).

Managed Services	Consulting Services
